Vision for Botley

In 2036, Botley remains a warm and friendly place to live, work and to visit. New developments have been well incorporated into the Parish through our sensitive Neighbourhood Plan policies and have provided homes needed by both the local and wider community and for all generations.

Well managed infrastructure and resource facilities provide residents with a quality environment, good access to health care, excellent educational opportunities and reliable access to modern technologies.

Local children and young people can walk or cycle safely to their educational establishments or the play and green areas on the many footpaths and cycleways introduced over the last 20 years. These routes provide a healthy alternative network for pedestrians and cyclists throughout the locality and link to neighbouring parishes.

The by-pass has been built and an update to the routing system traffic calming measures in the Parish has led to a decrease in rat-runs and have been effective in creating safer roads.

The village centre has been recognised as an important for its heritage, businesses and shops and provides a popular destination for locals and visitors alike

Neighbourhood Plan Economy Objectives:

Aim: To support the existing businesses within Botley and encourage new enterprises which maintain the distinctive character of Botley by:

Objectives:

- 1. Preserving and safeguarding, where appropriate, employment uses and seek to maintain a lively mix of retail and similar uses in the shopping area
- 2. Promoting the further retail development of Botley Mills site
- 3. Supporting the development of retail facilities in Boorley Park and Boorley Gardens earlier than identified in the Eastleigh Local Plan

Neighbourhood Plan Environment and Character Objectives

Aim: To preserve, safeguard and enhance the distinctive landscape and characteristics of Botley by:

Objectives:

- 4 Protecting and maintaining existing green space, archaeological and heritage assets deemed to be of value to the community including the provision of new spaces
- 5 Protecting and maintaining existing Settlement (Local) Gaps and the Countryside between settlements
- 6 Preserving native wildlife and wildflowers in local green spaces
- 7 Creating a Botley Museum through use of developer contribution
- 8 Improving access from Village Square to Botley Mills through use of developer contribution
- 9 Identifying a site for a new cemetery in the Parish

Neighbourhood Plan Housing Objectives

Aim: To provide a range of high quality and affordable homes that meet the needs of local people and future residents by:

Objectives:

- 10 Prioritising future development sites, to ensure appropriate infrastructure is in place prior to build
- 11 Ensuring all new development includes an appropriate mix of housing in terms of design, affordability to meet the objectively assessed housing need findings
- 12 Ensuring new development in Botley is of appropriate design and fits with the general character of Botley
- Ensuring new developments and housing extensions, out-buildings, garages and conservatories, including those under Permitted Development Rights, are consistent with the requirements of the strategic high and intermediate pressure pipelines passing through the Parish
- 14 Supporting the use of alternative energy systems, for example solar panels
- 15 Ensuring all houses in new developments contain electric charging points in line with Government policy
- 16 Requiring new developments to provide minimum re-cycling facilities

Neighbourhood Plan Transport Objectives

Aim: To improve accessibility and connectivity to promote sustainability and safety by:

- 17 Using developer contribution to improve parking at the Botley Centre
- 18 Identifying land within development sites for parking
- 19 Using developer contribution to improve the network of movement routes linking key services, schools and recreational pursuits, both from existing and new developments

Community Aspirations

It is recognised that these aspirations do not form part of the policies of the Botley Neighbourhood Plan. However, they are of importance to the local community. For this reason, they are included as an Appendix to the Plan, in order that they can be taken forward after the Plan is adopted.

Com	Community		
1	Retain, improve and develop new community facilities that benefit residents of all ages in order to		
	encourage active and continual use of all public areas, improve social cohesion within our community		
	and strengthen integration of new developments into the existing Parish		
2	Protect and when possible enhance the cultural and community assets of the Parish that are of value		
	to the community. Identify assets of community value which should be retained under the Right to Bid		
	legislation in order to strengthen community cohesion		
3	Provide heritage signs at sites where main roads enter Botley Parish		
4	Encourage the expansion of the Neighbourhood Watch network groups across the Parish, in line with		
	continuing housing growth		
5	Engage and actively involve residents in appropriate maintenance and improvement of all existing and		
	future recreation facilities in the Parish, by setting up and supporting a Friends of Boorley Park Group		
	and continuing to support the Friends of Pudbrook and the Friends of Little Hatts groups		
6	Form a Speed Watch group to monitor those roads known to suffer from dangerous speeding		
7	Further develop recreation spaces at the High Street, Little Hatts and Boorley Park Recreation Grounds		
8	Continue to work with Eastleigh Borough Council to ensure that development plans enable residents to		
	have easy access to local retail, leisure and public transport facilities		
9	Provision of Community Information Terminals in both Parish Community Centres for use by the		
	residents who have no access to the internet		
10	Further develop the Community Information Day and ensure the continued funding for the Community		
	Liaison Officer, when the Section106 support for the post ceases		
11	Botley Parish Council to consider in all decisions and policies working towards a carbon neutral position		
	and to work with other Agencies to help achieve this		
12	Botley Parish Council to encourage all residents with wood burning stoves to ensure that all wood used		
	is well-seasoned (dry)		
13	Botley Parish Council will work with local Councils, other relevant Agencies and the community to		
	support moves to reduce air pollution		
Econ	omy		
14	Create community led resources in Boorley Gardens to provide employment and training opportunities		
	for younger people in the Parish		
15	Encouraging local businesses to actively support the reformation of a Botley Traders Association		

Work with local businesses to organise community events and local advertising to encourage all Botley residents to support to they businesses on site Education Encourage educational, vocational training and life skills provision for all age groups, in conjunction with schools, local colleges, training centres and local employers, that meets the aspirations and needs of all to promote high standards of achievement and a sense of well-being Ensure that as far as possible all pupils living within the Parish have access to thriving and sustainable schools within their local catchment school Maintain a community wide approach to primary education within the Parish with new schools working closely with existing provision to retain outstanding delivery and equal opportunities for all children Ensure that multi-agency support is in place to support the physical, emotional, social and education development of children and young people. Also, priority should be placed on ensuring all pupils and families living within Botley Parish have access to their local catchment school Ensure that within a proposed planning submission for any new housing development there are funded proposals to make inclusive educational provision within an agreed time period to meet the aspirations of families, children and young people. Also, priority should be placed on ensuring all pupils and families living within Botley Parish have access to their local catchment school Ensure further consultation takes place with the Parish Council concerning road traffic flow, car parking and pedestrian access in respect of any proposed or planned additional school buildings or extension to educational facilities within the Parish Ensure that pupils who are resident within Botley Parish have safe access, whether on foot, by bicycle or by car, when travelling to and from School whether it be within or beyond the Parish boundary. Healthcare Improve the medical and NHS dental services, both around the Village centre and at Boorley Green Ensure that		
Work with the Botley Mills owner for clearer signage at the street boundary to advertise the businesses on site Education	16

	 improving access for those less able bodied
57	Introduce traffic calming, vehicle speed and weight restrictions on appropriate roads and controlled or
	central refuge crossing at key locations, for example across the High Street for pedestrian access to the
	Botley Centre Recreation Ground, across Winchester Road to link Boorley Park with Boorley Gardens
	and across Winchester Road for safe crossing of those on their way to and from Deer Park School
58	Use vehicle activated speed signs on an irregular basis on those roads known to suffer from dangerous
	speeding
59	After the opening of the Botley Bypass down-grade Mill Street, Mill Hill, High Street, Broad Oak and
	Grange Road up to the Maypole Roundabout to a B road, in keeping with the B3354, and consider
	appropriate speed and vehicle weight restrictions (except for deliveries)
60	Work with landowners and the developers of the new Boorley Park Primary Scholl to create a safer
	parking and child drop-off area at the School
61	Work with Hampshire Highways to use traffic survey data from before and after the opening of the
	Bypass to identify any rat-runs and formulate appropriate traffic measures to reduce the use of these
62	Encourage improvements to the current local bus services to provide improved access to retail and
	business premises
63	Have traffic monitoring performed in Kings Copse Avenue by Hampshire Highways and a road safety
	inspection performed by Hampshire Police to explore possible mechanisms to calm traffic, reduce and
	enforce speed limits
64	Work with Hampshire Constabulary to achieve effective enforcement of speed limits and vehicle weight
	restrictions
65	With the support of Hampshire Highways have more speed and weight limit signage
66	Work with Hampshire Highways to explore ways to allow safer access to the Botley Mills site, so that
	these are in place at or shortly after completion of the Bypass
67	Work with surrounding Parishes so that any current or improved footpaths or cycleways within the
	Parish might link with existing or planned footpaths and cycleways in adjacent Parishes
Youth	
68	Relaunch a Youth Club
69	Encourage Botley Parish Council to appoint a part-time or full-time Youth Worker
