

**Change list for Parish Council meeting scheduled for 09 June 2020 that was cancelled due to the Coronavirus outbreak**

Botley Strategic Land Availability Assessment - v23 in NP Evidence Base (new text in red)

SHLAA-3-20-C	Woodhill School
<b>BNPC comment</b>	Was in Local Gap, poor access. Flood Risk. Local Gap status removed 2017. Possible future windfall site. <b>The School closed in September 2019, and now the site is owned by Foreman Homes.</b> If site is offered for development BPC should consider purchase of that part of the current car park (north end of the SHLAA) that is not owned by the Brook House Masonic Centre or use a s106 contribution during the planning application to provide the Parish with part of the car park. <b>The site has Japanese knotweed, and this should be accounted for in any planning application.</b>

SHLAA-3-21-C	Woodhill School
<b>BNPC comment</b>	Was in Local Gap, poor access. Flood Risk. Local Gap status removed 2017. Possible future windfall site. <b>The School closed in September 2019, and now the site is owned by Foreman Homes.</b> If site is offered for development it could provide a footpath link between the Brook Lane end of Experimental Lane and the High Street Recreation Ground, thus providing a continuous public footpath between Hedge End and Botley. <b>The site has Japanese knotweed, and this should be accounted for in any planning application.</b>

Communication - v13 in NP Evidence Base

38	June
a	The monthly report to the BPC was uploaded to the Botley web site (Appx4 p49).
b	The monthly BNP Change List was uploaded to the Botley web site (Appx4 p50).
